Parlare di cucina italiana significa tirare in ballo ricette, consigli e trucchi per realizzare dei piatti unici per gusto e aromi. Piaceri di una cucina romantica che sa conquistare i palati e farsi apprezzare all'estero come in Italia, sinonimo di cultura del prodotto e di perfezionismo assoluto. La cucina italiana è molto più della somma di ogni cucina regionale, ma è la storia stessa della nostra Italia.

PASSIONI

collezione

Quando si parla di auto, impossibile non menzionare l'Italia che tanto ha dato a questo mondo. La storia dell'automobile deve molto agli artigiani italiani, grandi inventori capaci di ideare e costruire i primi mezzi con motore a scoppio, appassionati maestri in grado di far diventare le auto uno dei prodotti principali di tutta l'industria italiana. Miti apprezzati in tutto il mondo, talvolta sogni proibiti a tanti, miraggi di una vita destinati ad essere ammirati per le loro doti motoristiche, ma anche per le linee ammalianti e le forme che le contraddistinguono e le fanno onore perdutamente.
